

Aliah

Age: 13

My favorite things:

I like listening to music. I enjoy reading. I like hanging out with friends. I really enjoy swimming and would like to try it competitively someday. I like martial arts. I enjoy science in school. I enjoy most tv shows. I am not very funny but try to be!

Things I do not like:

People making fun of me. I don't like when people ignore me or my feelings. I don't like certain fruit like peaches, plums, and pineapples. I don't like being around people who smoke and drink. I also don't like cracking of knuckles.

Favorite foods:

I love pizza, garlic bread, and spaghetti! Pretty much like Italian foods. I also like chicken cutlets, BBQ chicken, hot dogs.

What I want in a family:

I want people who are nice to me. I want a family that understand what I am going through. I want them to listen to me and I also want advice from them.

What I want families to know about me:

I want them to know that I like to be active. I like to laugh with my friends. I like to sing and dance. I like swimming. I want to be supported. I want them to understand my past and help me with my future. I want to stay connected to some of my biological family.

What we want families to know about the youth:

Aliah has been through a lot in her short years. A family that understands childhood trauma is best. She loves her biological family fiercely. She has also had many placement changes, so she needs someone who is truly going to commit to her. A single female parent with no kids would be best. However, a two-parent home is fine as long as they understand her issues.
